

Supplies used in Immunofluorescence

Reagent	Use	Company	Catalog #
12 mm coverslips	culturing adherent cells	Daigger	G15973A
Microscope Slides		Daigger	G15978A
DAPI	nuclear staining	Invitrogen	D-1306
Phalloidin	F-actin staining	Molecular Probes	N/A
MitoTracker	mitochondrial stain	Molecular probes	N/A
Mounting Medium	permanent mounting of specimens	Electron Microscopy Sciences	17984-25
16% Paraformaldehyde	cell fixation	Electron Microscopy Sciences	15710
Plastic cell culture dishes with embedded coverslip	Live Cell Imaging	Mattek Corporation	N/A
Fluorochrome conjugated secondary antibodies	staining proteins of interest	Jackson ImmunoResearch Laboratories, Inc.	N/A
